Jon "maddog" Hall, Executive Director, Linux International – Salon E					
3:30 pm – 4:20 pm	Web Services: The Killer Application for Open Source Christian Gross, Software Engineering Consultant Salon B	Linux Database Clusters for High Performance Computing Boris C. Bialek, IBM Toronto Lab Salon E	GNOME: The Open Source Desktop and Accessibility Timothy Ney, GNOME Foundation Salon D	High-Performance End-to-End Computing Using Linux Chris Maresca, Olliance Group, LLC Salon H	

Floor Plan

Co-Sponsors:

- 1-BMC Software
- 2-SuSe Linux
- 6-NeTraverse
- 7-Dell
- 8-NEC Solutions, (America)
- 10-Computer Associates
- 13-Interloci Network Management
- 15-IBM Corporation
- 17-Ximian
- 25-Illuminata
- 26-Yosemite Technologies
- 27-Linear NetworkX
- 30-Egenera
- 31-Red Hat
